

Environmental Verification Statement for Rapesco Office Products Plc

Self-certified & verified

Item:
HD-140 ECO Heavy Duty Stapler - Soft White

Code: 1396

Key Facts

• Recycled Material Content Summary (by volume):

Total % content for R-ABS across all plastic parts (excluding ABS Wide Spec pellets)	42%
Whole product recycled content (including metal components)	24%

Recycled Content Calculations

Weight [g]	
Total plastic components	195 g
Recycled plastic components made up with:	163.00 g
RABS (Post-industrial/Pre-consumer RABS pellets) - approx. 50%	81.50 g
ABS Wide Spec pellets - excluded from RABS calculation	81.50 g
Other Non-recycled components (ABS, POM, Rubber, PVC, PP)	32.00 g
Metal	1088 g
Total Weight	1283 g

Volume [cm3]	
Total plastic components	189.32 cm3
Recycled plastic components made up with:	158.25 cm3
RABS (Post-industrial/Pre-consumer RABS pellets)	79.13 cm3
ABS Wide Spec pellets - excluded from RABS calculation	79.13 cm3
Other Non-recycled components (ABS, POM, Rubber, PVC, PP)	31.07 cm3
Metal	137.72 cm3
Total Volume	327.04 cm3

RABS content for all plastic components by volume (excluding ABS Wide Spec pellets)	42%
Non-RABS content for all plastic components by volume	58%

Whole product % content (inc. metal parts) by volume	
Total plastic components	58%
Recycled plastic components made up with:	48.39%
RABS (Post-industrial/Pre-consumer RABS pellets)	24.19%
ABS Wide Spec pellets - excluded from RABS calculation	24.19%
Other Non-recycled components (ABS, POM, Rubber, PVC, PP)	9.50%
Metal	42%
TOTAL	100%

Additional recyclable information

The claim applies to the product when "yes" is stated below

• Compostable:	no
• Degradable:	no
• Recovered energy:	no
• Recyclable post-consumer purchase:	yes
Plastic components:	yes
Metal components:	yes
Other components†:	yes
(†Please state):	Packaging
• Additional significant sustainable criteria:	n/a

The data listed in this document is the property of Rapesco and its subcontractors concerned with the manufacture of the components and finished product. This data concerning the mixing of RABS and ABS has been provided to Rapesco by its subcontractors and Rapesco has made all reasonable efforts to verify and substantiate the content to ensure its accuracy at the time of its creation and/or modification - see "Recycled Content Calculations" above. However, Rapesco cannot be responsible for any errors, omissions or inaccuracies and accepts no liability for any loss or damage arising. Rapesco reserves the right to make changes or remove or alter any content at any time without notice.

Total percentage values are +/- 5% and the whole product recycled percentage is based on the volume of all material.

Signed. Rapesco Group PLC CEO
